The Maine Medical Cannabis *Checklist*

State fees, qualifying steps, required documents, timelines and renewal reminders, in one place.

Everything you need to get, and keep, a Maine medical cannabis card. Maine is the simplest state on this list: there is no state registration fee, no fixed list of qualifying conditions, and your Veriheal provider submits the certification to the state for you.

TOTAL COST	CARD VALIDITY	TIME TO CARD	APPLY
$199	1 year	1 to 2 wks	Provider files
Veriheal fee only; $0 state fee	No state renewal fee	Card arrives by mail	Office of Cannabis Policy

01 Do you qualify?

You can apply if every statement below is true. Maine also honours medical cards from many other states.

- ☐ You are **18 or older**.
- ☐ You are a **Maine resident** with a Maine driver's license or state ID, plus a second form of identification.
- ☐ A **licensed provider** decides that your condition may benefit from medical cannabis. Maine removed its fixed list of qualifying conditions in 2018, so chronic pain, anxiety and other conditions can all qualify at the provider's discretion.
- ☐ You can attend a **10 to 15 minute consultation**, online or in person depending on where you live.

02 What it costs

Maine does not charge a state registration fee. Veriheal's fee covers the consultation, physician copay and the medical evaluation for your certification.

03 Documents to have ready

- ☐ **Maine driver's license or state ID** showing your current address.
- ☐ **A second form of identification** to confirm residency.
- ☐ **Medical records** if you have them; helpful but not required.
- ☐ **Nothing to file with the state yourself:** your Veriheal provider submits the certification.
- ☐ **Caregiver details**, only if a registered caregiver will grow or purchase for you.

04 Timeline

Most patients finish the consultation on the day they book, and the certification is mailed to them within one to two weeks.

DAY 0	**Consultation.** 10 to 15 minute visit with a licensed Maine provider. If approved, the certification is completed the same day.
DAY 0 TO 1	**Provider files for you.** Your Veriheal physician submits the certification to the state at no cost.
WEEK 1 TO 2	**Certification arrives.** Your printed certification is mailed to you; some patients receive it in a few days.
CARD IN HAND	**Visit any Maine dispensary.** Medical patients save up to 10% versus adult use tax. Limit 2.5 oz purchase and possession.

> **Home grow:** medical cardholders may cultivate up to 6 mature and 12 immature plants, against 3 mature for adult use growers.

05 Renewal reminders

Your certification is valid for one year. Veriheal will remind you, but use this countdown so it never lapses.
